# What Makes TEAM Services Special?

ماسترز ترجمة دولية لخدمات الترجمة القانونية  
Consultancy Masters International & Legal Translation

TEAM Center has a unique team of professional translators who possess outstanding experience, efficiency, qualifications, and competence. They hold specialized degrees in translation and interpretation. TEAM members own the skill and talent that enable the Center not to be a mere service provider, but rather a strategic partner in translation and Arabization.

TEAM believes that translation is a matter of talent, intuition, research, and the ability to read between the lines. We believe that the most advanced applications and online translation websites cannot produce a text that is up to the level of human translation. That's why TEAM does not use translation applications or websites in order to guarantee accuracy and reliability.

TEAM guarantees the confidentiality of the documents and content subject of legal translation, as well as the information presented in simultaneous interpretation events in accordance with the Code of Ethics set to protect our customers' privacy and data confidentiality during the process of translation and to ensure non-disclosure during the different stages of the translation service delivery.
